Help us to help others!

What is Healing Touch?

Healing Touch is energy therapy which affects a person's bio-field. Practitioners work within the bio-field to facilitate physical, emotional, mental and spiritual healing.

What is the CHTF?

The CHTF or Canadian Healing Touch Foundation is a not-for-profit Canadian Charity established in April, 1995. The mandate of the CHTF is to receive and distribute funds to assist, encourage and advance the philosophy, objectives and techniques of Healing Touch.

The CHTF provides funds in the form of bursaries to individuals requiring financial assistance to attend the educational courses in Healing Touch in Canada.

The CHTF depends upon tax-deductible donations, and fund-raising activities to finance the bursaries. Donations to the CHTF can also be made through canadahelps.org.

Your contribution helps us to help others.

Bursary Guidelines and Application

The CHTF mandate is to support HT in Canada by providing bursaries to individuals to enable them to attend any recognised HT class in Canada. The Guidelines and on-line application forms are available on the [website: chtf.ca](http://website:chtf.ca)

The CHTF encourages our HTP & HBB Instructors, who know of individuals wishing to attend a HT class but cannot because of financial constraints, to have them apply to the CHTF Bursary Award Program.

The CHTF Board of Directors are all Volunteers

The CHTF BOD consists of 5 Directors: Chair, Treasurer, Secretary, Bursary and At-Large.

If you are interested in volunteering, contact us at chtf1995@hotmail.ca.
